

# Information for your Course of Studies, B.Sc. / M.Sc.

## Statutes, Regulations, Curriculum

- The **Statute** for the studies at the TUHH
  - ["Satzung über das Studium an der TUHH" \(german\)](#)
- **General Regulations**, rules above Examination Regulations for the specific courses
  - [General Examination Regulations \(pdf\)](#)
- Examination Regulations for the **Bachelor** Courses
  - [Computational Informatics](#)
  - [Computer Science](#)
  - [Computer Science and Engineering](#)
  - [Data Science](#)
  - [Electrical Engineering](#)
  - [Technomathematics](#)
- Examination Regulations for the **Master** Courses
  - [Computational Informatics](#)
  - [Computer Science](#)
  - [Computer Science and Engineering](#)
  - [Electrical Engineering](#)
- Examination Regulations for the **International Master** Courses
  - [Communication and Information Technologies](#)
  - [Information and Communication Systems](#)
  - [Microelectronics and Microsystems](#)
- *General Regulations, Examination Regulations and Curriculum*, which were valid at the beginning of your studies, stay valid but may be object to updates. Automatic transition to more recent curricula or regulations will not occur.

## Exams

- [Examination Dates](#)
- [Examination Office](#)
- **Examination Registration:**
  - register for exams here: [Self Service](#) (SOS)
  - consider the deadlines for registration
  - for repetition of failed exams, you are automatically enrolled
  - when you register for an exam but do not sign off until the deadline, you have to pass this exam, even if it is an elective subject course
- For appeals against exams, recognition of credits or other topics regarding exams are decided by the *Examination Boards*. Our representatives can be viewed here: [Committee Work](#).
- If you have questions or when problems occur, feel free to contact us.

## Forms

- At some point in your studies, you will need some [Forms from the Examination Office](#)
- Application forms for Bachelor-/Master-Thesis, your ECTS overview, certificate of study and similar documents are found at [Self Service](#) (SOS)

## Counseling

- If you need counseling, the TUHH offers you help with regard to your studies or help in general.
  - [Student Counseling Center](#)
  - [Subject Specific Counselors](#)
  - [FAQ for TUHH students](#)
- Exam-related help, eg. appeals against exams
  - [Examination Boards Representatives](#)
- TUHH Studenten-Community
  - [TalkING](#)

## ECTS

- ECTS: „European Credit Transfer System“
- ECTS credit points are used to estimate and compare workload for lectures/courses including preparation for their exams.
- The grades for courses are weighted with their ECTS points to calculate the final grade of your studies - the more credit points a course has, the higher the influence on the final grade.
- As a standard, when collecting 30 credit points per semester, the studies will be finished in the scheduled time (ger.: *Regelstudienzeit*). Yet, it is obligatory to complete the studies in double the amount of the *Regelstudienzeit*.
- At the TUHH, bachelor studies are allocated 180 ECTS while master studies are allocated 120 ECTS points.
