

Student Representatives Conventions

There are regular gatherings of student representatives from all over Germany, Austria and Switzerland. We regularly attend the **Konferenz der Informatikfachschaften (KIF)** as well as the **Bundesfachschaftentagung Elektrotechnik (BuFaTa ET)**. We even hosted the latter at the TUHH in 2012. The biannual conventions serve the mutual exchange of experience, joint discussions of problems and adoption of resolutions.

Here is an overview of the conventions we attended since 2010:
