GameING - The LAN-Party of the FSR-ET/IT

Finally it's that time again! On **19/20 January** the next GameING will take place at the TUHH. We invite all TUHH students and your friends!

GameING always starts on Friday at 6 pm and ends on Saturday at 5 am at the latest. We are always happy to have set-up and dismantling helpers! The room will be set up depending on the number of registered participants. We therefore ask you all to so that we can set up enough tables and chairs and not run out of space.

You don't necessarily need a large PC, you are welcome to come with your laptop! Games like Gartic Phone and Stardew Valley also run well.

If you have a long lecture on Friday and don't want to go home and get your computer, you are welcome to store your computer in the FSR room (E 0.097) during the day. Of course, this is at your own risk - the FSR is not liable for lost computers! Unfortunately, storage after GameING over the weekend is not possible.
