TeamSpeak Server

Thanks to the kind support of TeamSpeak, we will be hosting a TeamSpeak 3 server for the duration of GameING. Here you can talk, discuss, coordinate and much more. If you have any questions, you can also find us there, so just give us a shout!

You can download the TeamSpeak 3 client hier download.

TS3 Server	
IP:	**172.16.72.146**

Minecraft Server

In addition to this, this time we also want a **Minecraft** server for GameING, which everyone can play on, of course. The exact rules for the server will be published here shortly.

Minecraft Server	
IP:	172.16.72.70

TTT Server

Besides Minecraft we also host a server for the **Trouble in Terrorist Town**-mode from Garry's Mod. To play TTT properly you will need to download Counter-Strike Source as the textures are accessed from this. Half-Life 2 and Team Fortress 2 could also be used for resources and it doesn't hurt to have them downloaded.
