

# Freshmen Week 2022 (this part of our website is not yet up to date)

This year there will again be a Freshmen Week (FW) for all freshmen. The FW is a period of one week directly at the beginning of your studies in which you get to know the university and your fellow students. We, your student representatives, will organize the FW for you.

## Signal Messenger Group Link

This year we created a signal group for you. There you can socialize with the fellow freshmen before the FW starts and we will keep you up to date about the upcoming events. You are welcome to join.

[Signal Group](#) ← click here

## Dates

The (highly recommended) [preparatory course](#) starts on 04th October at 09 o'clock. Locations can be found following the link. The course will take place until the FW starts.

There will be no lectures for you in the FW. It is filled with events of all kinds. Among other things, there will be a puzzlehunt („Rallye“) through Harburg, a campus tour and an Open Air nerdBar so that you can get to know the university, the city district and your fellow students. All of our events will take place on the TUHH campus in Hamburg-Harburg. You can reach the campus best via S-Bahn train stations Heimfeld or Harburg Rathaus. We also have the [Campus map](#) in case you want to explore the TUHH beforehand.

On October 24th, real life begins: Your regular lectures begin (exercises usually don't start until a week later).

## Preliminary schedule

All dates indicated with ?? are not in our hands and will be updated as soon as we have information about them.

Date	Event	Time	Building, Room
<b>Mon. 05.10.</b>	Welcoming by the Student Council for Technomathe	09:00	Audimax II
	Welcoming by the Student Council for Electrical engineering	12:00	Audimax II
	Welcoming by the Student Council for Data Science	15:00	Audimax II
<b>Thu. 08.10.</b>	Welcoming by the Student Council for Computer Science	09:00	Audimax I
	Welcoming by the Student Council for Computer Science and Engineering	12:00	Audimax I
<b>Mon. 12.10.</b>	<a href="#">Start of IT Preliminary Course</a>	09:00	online

Date	Event	Time	Building, Room
<b>Tue. 13.10.</b>	<a href="#">Preliminary math course</a>	09:00	online
<b>Fri. 23.10.</b>	Masters greeting by Student Council	16:00	online
<b>Mon 26.10.</b>	Campus Tour	12:00	online
	„First-Aid Meeting“*	15:00	online
<b>Tue. 27.10.</b>	Technomathe Welcoming	09:00	Audimax II
	Data Science Welcoming	10:00	Building N, Room 0007
	nerdBar OpenAir	18:00	back of building A
<b>Wed. 28.10.</b>	Fachschaftsabend (online-Party)	18:00	online
<b>Thu. 29.10.</b>	Student Council barbecue	16:00	at the pond
<b>Fri. 29.10.</b>	Harburg rally	14:00	in front of building E
<b>Mon. 02.11.</b>	Start of lectures	see <a href="#">VVVZ</a>	

<embed oekalendar/>

\*: The „first aid meeting“ is an appointment where we will answer your first questions about studying, university, the hybrid semester or anything else in a video chat.

The **LuK** (Learning and Communication Centre) can be found by entering building A through the main entrance (towards the street) and walking along the corridor on the left on the ground floor. It is also signposted as „Studentisches Lernen“. Our events take place in the lounge or the multi-purpose room by the stairs to the lounge.

Room **D2.022** is located in building D on the intermediate floor „Z3“.

## Excursion Fraunhofer ISIT

**UPDATE: After consultation with the person responsible at Fraunhofer ISIT, this excursion is unfortunately also canceled due to Corona!**

We apologize for the failure and when the situation has eased again we will try to start the whole thing again.

~~We offer you this year on October 28th. an excursion to the Fraunhofer Institute for Silicon Technology ISIT in Itzehoe.~~

~~Fraunhofer ISIT is one of the most modern research facilities for microelectronics and microsystem technology in Europe. They are specialists in the development, manufacture and integration of micromechanical and microelectronic components. These miniaturized components are used in medicine, in environmental and transport technology, in communication technology, in the automotive industry and in mechanical engineering.~~

~~The excursion itself takes place at 10 a.m. in Itzehoe, so we meet at 7:40 a.m. on campus in front of the E building to take the bus to the north.~~

~~Places are limited to 40, so register using the link below:~~

~~[Registration](#)~~

## Links/Registrations for online events

Event	Link/Registration	Meeting-ID	Password
Fachschaftsabend (online-Party)	<a href="https://discord.gg/8K7CFhs">https://discord.gg/8K7CFhs</a>		
Harburg rally	you can find it in StudIP under ET/IT OE Rallye 2020 or <a href="#">here</a>		
PUB-QUIZ	later		

## nerdBar OpenAir

===UPDATE: Due to Corona we sadly had to cancel all face-to-face events.

Since the legendary nerdBar, which actually takes place every two weeks, is generally canceled due to Corona, we have considered offering at least one open-air event so that the nerdBar does not fall completely into oblivion. This is primarily an OE event for freshmen students, so all regular guests are asked to register late in order to let the new students go first.

A ~~general alcohol ban~~ applies at the event! Please stick to this so that events can continue to be held to this extent.

As with all events that are currently taking place, you must also register for this. The seats are reduced to 100 people in which the bar team is already included. Registration does not start until October 23rd.

You can find the link to register [here](#).

## Student Council barbecue

===UPDATE: Also canceled due to Corona.

## FW trip 2020

Unfortunately, the FW trip is canceled this year due to the ongoing pandemic. There are plans to do this in the next summer semester, if possible, but there are no concrete statements yet.
