

# Freshmen Week 2022

This year there will again be a Freshmen Week (FW) for all freshmen. The FW is a period of one week directly at the beginning of your studies in which you get to know the university and your fellow students. We, your student representatives, will organize the FW for you.

## Signal Messenger Group Link

This year we created a signal group for you. There you can socialize with the fellow freshmen before the FW starts and we will keep you up to date about the upcoming events. You are welcome to join.

[Signal Group](#) ← click here

## Dates

The (highly recommended) [preparatory course](#) starts on 04th October at 09 o'clock. Locations can be found following the link. The course will take place until the FW starts.

There will be no lectures for you in the FW. It is filled with events of all kinds. Among other things, there will be a puzzlehunt („Rallye“) through Harburg, a campus tour and an Open Air nerdBar so that you can get to know the university, the city district and your fellow students. All of our events will take place on the TUHH campus in Hamburg-Harburg. You can reach the campus best via S-Bahn train stations Heimfeld or Harburg Rathaus. We also have the [Campus map](#) in case you want to explore the TUHH beforehand.

On October 24th, real life begins: Your regular lectures begin (exercises usually don't start until a week later).

## Preliminary schedule

Date	Event	Time	Building, Room
<b>Wed. 05.10</b>	Fachschaftsübergreifender Kennenlernabend (FüKa)	18:00	LuK

<b>Mo.</b>	<b>24.10.</b>	Start of Lectures	see <a href="#">VVZ</a>	-

\*: The „first aid meeting“ is an appointment where we will answer your first questions about studying, university or anything else in a video chat.

The **LuK** (Learning and Communication Centre) can be found by entering building A through the main entrance (towards the street) and walking along the corridor on the left on the ground floor. It is also signposted as „Studentisches Lernen“. Our events take place in the lounge or the multi-purpose room by the stairs to the lounge.

Room **D2.022** is located in building D on the intermediate floor „Z3“.

## Events
